S E C R E T

BT

SECRET

5. Effective 1 July 1968 LIFEUD-2, LIFEUD-3, LIFEUD-24, [illegible] were granted small salary increases. Also, [illegible] A. PARKANIA was placed on a monthly salary, which replaced the previous hourly pay rate. Amended Memorandums of Oral Commitments were forwarded to Headquarters.

6. As is normal in this Project, daily operational meetings were held with David A. WILSTED and LIFEUD-24 in order to pick-up LIFEAT production and to discuss various operational aspects [illegible] continual maintenance of activities.

BASEHOUSES

7. On [illegible] April 1968 LIRISK employees started extensive renovation work in the area around LIFEAT Annex 6. Because of this the basehouse was shut down and all of the LIFEAT lines were removed. This renovation work was completed on 21 June and the basehouse was back in operation in early July.

8. LIRISK work in the area around LIFEAT Annex 8 caused the closure of this basehouse from 19 April until early May.

9. In June 1968 the Station made the decision to close down LIFEAT Annex 5 and move the basehousekeepers, LIFEUD-35 and 36, to another area. The reasons for this decision were two-fold: A) LIFEUD-35 and -36 now have four children and Annex 5 was too small for them, and B) the annex needed extensive repairs which the landlord refused to have done because he was planning to sell the building. A new basehouse, Annex 9, was located and Annex 6 was closed on 20 June. The basehousekeepers are now in Annex 9 and target coverage commenced in early July.

10. Paragraphs 7, 8 and 9 explain the reduced coverage provided by LIFEAT during the three month period under review.

SECURITY

11. No known security incidents occurred during this period.

PLANS

12. It presently appears that LIFEUD-5, basehousekeeper, will be transferred by his company to the Guadalajara area. If this occurs, we will accept the resignation of LIFEUD-5 and -15 and close down Annex 3. In view of this Project Officers presently are looking for replacements and Operational Approvals will be requested as soon as suitable candidates are located.

MEMORANDUM FOR: DDP/MPS

VIA: WH/LOG

SUBJECT: Project LIFEAT - Request for Increase in Transportation Vehicle Allowance (TVA)

1. It is requested that the TVA for Project LIFEAT be increased from six to eight to cover the use of two additional cars:

POV of Carol K. ZINSMEISTER (P), translator — $300 per annum

POV of LIFEUD/35, safehousekeeper — $250 a month

2. Funds for the above POV allowances in lieu of reimbursement by the mile are included in the project renewal.

SUBJECT: LIFEAT/Forwarding of Amended MOCs

ACTION REQUIRED - REFERENCES

Action Required: For Your Information

1. Forwarded herewith are amended Memorandum of Oral Commitments for several assets involved in the LIFEAT Project. These MOCs reflect salary changes effective 1 July 1968 as follows:

ASSET	HQ 201	INCREASE PER MONTH
LIFEUD-2	201-117970	$ 25.60
LIFEUD-3	201-117971	20.80
LIFEUD-6 (Olga A. PARFINIK)	201-117978	See below
LIFEUD-24	201-119525	30.00
LIFEUD-32	201-749002	24.00
LIFEUD-35	201-740227	24.00

2. The salary for LIFEUD-6 (Olga A. PARFINIK) was changed from an hourly rate to a flat monthly rate. The figure reached was calculated from a six-month average of payments. The actual increase amounted to slightly less than $10.00 per month.

CONTINUATION OF DISPATCH	CLASSIFICATION SECRET	DISPATCH SYMBOL AND NUMBER HMMT-8928

10 April 68

LICOOKY: To support a $40.00 a month payment to LICOOKY-1 for the use of his POV.

DEVANE: To support a $50.00 a month payment to Bruce H. FERNALD for use of his POV.

LIDOOTROT: To support a $50.00 a month payment to LIEMPTY-1 for use of his POV.

LITEAR: Increase the LITEAR TVA from one to two authorizations, the second authorization to support a $36.00 a month payment to LITEAR-3. The existing authorization is occupied by HV-2788.

LIFEAT: Increase the LIFEAT TVA from one to six authorizations as follows:

HV-2857
$24.00 monthly to LIFEUD-3
$24.00 monthly to LIFEUD-5
$40.00 monthly to LIFEUD-7
$40.00 monthly to LIFEUD-8
$40.00 monthly to LIFEUD-24

Although HMMW-4632, dated 22 December 1966, stated that a TVA was not necessary for the LIFEUD's, it is requested that their determination be reviewed in the light of the comments in the September 1966 Audit Report.

50-6-35/2

29 August 1967

MEMORANDUM FOR: CI/OA

ATTENTION : Mr. Lally

SUBJECT : Amendment of OA for Antonio DOUBLETTE (201-312729)

REFERENCE : Form 124 dated 22 November 1966

1. In accordance with Reference, Subject was granted an OA on 22 November 1966 to permit the WH/7/Haiti Desk to utilize Subject as a Creole translator of unclassified tapes. Subject was recruited in December 1966 and has been performing this function satisfactorily since that time.

2. It is now requested that Subject's OA be amended to permit WH/7/Haiti Desk to utilize his services to translate sensitive telephone tapes (LIFEAT) from the Spanish, French and Creole languages into English. To date the Mexico City Station has been providing Headquarters with a translation of the Spanish and French portions of this intelligence take, with Port-au-Prince Station assisting with translation of the Creole portions. Recently, however, the Port-au-Prince asset departed Haiti and, at present, neither Station has the capability to translate the Creole portions. Since it is believed that the Creole portion may contain important operational information from a CI standpoint, the Haiti Desk proposes to utilize Subject to fulfill this gap. Subject will be polygraphed before he is given this added task. Your expeditious attention to the above request would be appreciated.

3. If you desire further information, please call Ruth Lehman, WH/7/Haiti, x5595.

Robert W. Berg
Chief, WH/7/Haiti

AGENT EVALUATION

DATE: 10 May 1967

1. NAME (p): David M. WILSTED - Career Agent GS-13

2. PROJECT : LIFEAT

3. OVERT JOB TITLE: Technical Supervisor

4. COVERT JOB TITLE: Outside Case Officer for the LIFEAT Project.

5. JOB DESCRIPTION :

A. OVERT : a) Assure proper maintenance of machinery
b) Categorize and schedule incoming production orders
c) Public relations with customer businesses

B. COVERT: a) Overall supervision of all LIFEAT technical penetrations or other technical installations involving LIFEAT personnel
b) Supervision of technical penetration routing and security
c) Resolution of the complex technical and maintenance problems inherent in a Project such as LIFEAT

d) Accounting for expenditures in the neighborhood of $6,000.00 US per month as well as being responsible for about $25,000.00 US in WOFACT property

e) Responsible, with the Station Case Officer, for the day-to-day handling of 21 active LIFEAT agents.

6. EVALUATION

a. Performance of duties set forth in paragraph 5 above without prejudice to either: WILSTED presently devotes about 80 percent of his working time to his LIFEAT duties. The remainder is devoted to his cover duties. This time allotment has the agreement of the owner/manager of his cover organization. WILSTED's cover manager, LIFINDER-1, likes and respects WILSTED and they have a good working arrangement. WILSTED, LIFINDER-1 and the Station believe that the present arrangement is satisfactory for all concerned. WILSTED in conjunction with a production manager whom WILSTED hired, has assisted in converting the cover company from a losing proposition into a profitable enterprise. The owner is grateful to WILSTED for this.

b. Attitude towards WOFACT, Cover Organization and present assignment. WILSTED has an excellent attitude toward his employment with WOFACT and has never been heard to be critical of it or its objectives. He is happy with his present assignment since he now considers Mexico City to be his home. WILSTED's wife, who is a Field Agent, also has a good attitude toward WOFACT and its objectives. She understands the reasons behind the long and varied hours worked by WILSTED and the need for security. She is a definite asset to WILSTED in supporting his cover in conversations with friends and relatives.

c. Security and Discretion: WILSTED is very security conscious and is discreet in his conversations. He is prompt for operational meetings and follows directions to the letter when meeting sites are changed or emergency meetings established. WILSTED has no known problems in living and maintaining his cover. WILSTED's wife is also very security conscious.

6 September 1966

MEMORANDUM FOR: Chief, CCS

FROM : WH Division

SUBJECT : Project Funding Plan, Project LIFEAT (FI)

A. Identification of Activity

1. Project cryptonym: LIFEAT

2. Approved for. 1 July 1966 - 30 June 1967: $100,000

FY 1967 - $100,000

3. Proposed successive fiscal year budget: Same

4. Brief statement of project aims, character and structure:

The purpose of this project is to provide unilateral telephone tap coverage in Mexico City. A U. S. Career Agent serves as Outside Case Officer and personally handles the thirteen sub-agents who are responsible for the technical phase of the Project which is run out of seven basehouses. A Station Case Officer directly handles five translators who are also funded out of this Project.

B. Funding History

1. The Career Agent (GS-13) receives his salary and allowances split between bank deposits in the United States made directly by Monetary and a field allotment received from the Station. He pays the thirteen sub-agents their salaries which total $2,337/month, basehouse expenses (rent and utilities), and ops expenses. The Station Case Officer directly pays the five translators their salaries (total $1,675/month) and expenses. All equipment is furnished by CIA and is replaced when necessary

2. Funds have always been handled in this manner.

Admin/Logistics TVA for Project Agents

Reference: HMMT-5994, dated 2 December 1965

1. It is considered that the relationship between KUBARK and LIFLUD-2,-5,-7,-8,-24 does not fall in the category of contract personnel and, therefore, the provisions of FR 23-5 (a) (1) do not apply.

2. With respect to Carol A. ZIMMERMAN, it is DYVOUR practice where an approved project provides funds for transportation, including use of POV's that a TVA is not necessary unless a GO vehicle is required.

INFO

FROM: Chief of Station, Mexico City

SUBJECT: ADMINISTRATIVE/Logistics
TVA for Project Agents

ACTION REQUIRED - REFERENCES

ACTION REQUIRED: Furnish new TVA for LIFEAT Project if necessary.

REFERENCES : A. LIFEAT Project TVA, dated 5 October 1965
B. HMMW-13913, dated 23 August 1965
C. HMMA-26216, dated 27 May 1965

1. Please furnish this Station with a revised LIFEAT Project TVA with a total of 7 (seven) vehicle authorizations, [illegible] more than now listed on the TVA, if this increase is deemed necessary for the continuing transportation allowances/mileage reimbursement paid to 6 of the project agents as approved by reference B.

2. Paragraph I. 2) d. of the project renewal request forwarded by reference C included an annual amount of $500.00 each for the use of LIFEUD-2, LIFTUD-8, and LIFEUD-24 POV's; $400.00 each for the use of LIFEUD-5 and LIFEUD-7 POV's; and $300.00 per year for mileage reimbursement to Carol K. [illegible]. These agents have been paid these amounts over the years in accordance with project approvals. However, in view of the FR-45-3F and FR-23-5 regulation revision in August 1964, which established the requirement for a TVA slot for POV's used on a continuing basis, the question of the need for a TVA is raised to preclude a possible audit exception.

3. The POV's are used by the agents in transporting tapes and other material between various operational points. Daily use averages from 20 to 50 miles per day and from 1 to 4 hours per day depending upon the assignment. Use of pooled vehicles is not possible because of the widely separated points of contact, the need for simultaneous use and the impracticability of coordinating the use of pooled vehicles from a cover standpoint. Public transportation is not practical again because of the widely separated points of contact and government transportation cannot be used because of cover.

DISPATCH

S E C R E T

TO: Chief of Station, Mexico City

FROM: Chief, WH Division

SUBJECT: Admin/Logistics - Transportation Allowance for David WILSTED.

Reference: A. HMMT-5605, 27 September 1965
B. HMMW-13913

1. Headquarters records indicate that Project LENOG was terminated 30 June 1965 as reported by reference B. WILSTED and MV-2539 were both transferred to Project LIFEAT. An amended TVA was forwarded to the Station by TM #0561324, dated 9 July 1965.

2. The establishment of a transportation allowance is predicated on a reduction in the number of Organization vehicles and a savings to ODYOKE. Considering vehicle depreciation over a period of several years and charges for gas, oil and maintenance, it is deemed economical for ODYOKE to pay the transportation allowance of $50.00 per month. The availability of a POV, which is intended primarily for personal transportation and used only incidentally for official use, makes it advantageous for the employee to receive a transportation allowance.

3. In the case at hand it is noted that 90% usage of a vehicle by WILSTED, representing 1500 miles per month and a proposed $80.00 per month transportation allowance, is for official business. Since the vehicle is used almost exclusively and very extensively for official use, it seems more appropriate, as well as to the advantage of ODYOKE and WILSTED, that it should be an official vehicle.

4. Headquarters appreciates Station desire to reduce the number of QP vehicles. However, each case must be decided on the basis of the circumstances involved and, particularly, ODYOKE interest. We request that the Station reconsider this case before we submit it to higher authority for approval.

TO: Chief, WH Division ATTN: Chief, WH Logistics

INFO: Chief,

FROM: Chief of Station, Mexico City

SUBJECT: Transportation Allowance for David M. WILSTED Against the LIEMS Project TVA

ACTION REQUIRED - REFERENCES

REFERENCE: A. HR 45-3F(1)
B. HR 23-5A(2)

1. Authority is requested to pay David M. WILSTED a transportation allowance of $80.00 per month for the use of a POV for official business. It is planned to dispose of MV-2539, a 1962 Chevrolet Biscayne 4 door sedan that has been driven for approximately 50,000 miles in favor of a transportation allowance for WILSTED. The vehicle has been used for a total of 30 months with mileage averaging 1,665 miles per month, 90% of which was official business travel.

2. The recommended transportation allowance is based on costs computed as follows:

a. Gasoline: 1498 miles per month (1665 miles per month less 10% personal mileage) @ 15 miles per gal. 99.8 gallons @ $.32.	$ 31.94
b. Insurance: Approximately $215.00 per year; less 10% for personal use (193.50 ÷ 12)	16.13
c. Maintenance: Tire repairs, lubrication, oil change, washing, battery & tire replacement, estimated at $6.00 per month less 10% for personal use.	5.40
d. Depreciation: Estimated Cost.........$ 3,200; Value after 30 months.. 2,000; Depreciation 1,200; less 10% (1080 ÷ 30)	36.00
	89.47

CONTINUED.....

3 - WHD

CROSS REFERENCE TO:

DISPATCH SYMBOL AND NUMBER: HMMT-5805

DATE: 27 Sept. 1965

CLASSIFICATION: S E C R E T

HQS FILE NUMBER:

Page 2

3. The recommended allowance is [illegible] solely on extraordinarily high costs, although insurance costs are relatively high in Mexico City, but rather the great number of miles traveled by [illegible] every month in connection with [illegible] and cover company business. If [illegible] were to be reimbursed on a mileage basis at [illegible] rate of $ .10 a mile for a 6 cylinder vehicle, he could be paid approximately $[illegible] per month based on past mileage. [illegible] will agree to an $[illegible] a month allowance in lieu of the mileage rate with the understanding that a periodic review of use and costs will be made, with resultant adjustments of the allowance if necessary.

4. Since [illegible] will have to purchase his POV in Mexico because of his cover status, he will have to pay an estimated 50% more than the [illegible] recommended retail price, approximately $3,200 for the 1965 Ford Falcon, 4 door sedan he plans to purchase. It is requested that Headquarters advise in regard to the factory recommended retail price as of August or September in [illegible] on the above described vehicle, equipped with white side wall tires and radio, to facilitate the computation of the Station contribution to offset the higher cost of the vehicle in Mexico. This amount less the proportionate depreciation will be recoverable at the time the vehicle is disposed of.

5. Considering the amount recoverable upon the disposal of the vehicle, the cost to [illegible] will be the same or less than the cost of shipping a POV to an overseas post, and will therefore be comparable to the costs of many staff employees overseas who use their POV's for official business.

WILLARD C. CURTIS

MEMORANDUM FOR: Chief of Station, Mexico City

FROM : Andrew S. PARMERS

SUBJECT : Completion of Training Report on David M. WILSTED

1. In a Mexico City Station Safesite, Subject received training on a part time basis from 17 through 27 May 1967. The instructor was Andrew S. PARMERS (known to trainee as Pablo ZELAYA) from KUROAK, Headquarters. Subjects covered were clandestine communications, operational security, Soviet Bloc intelligence activities, and operational reporting.

2. As a student, Subject was cooperative, participated with enthusiasm, and performed all requirements well. Although he has had very little previous formal training, he has had much practical experience and assimilates theory rapidly.

3. As a person, Subject is mature, calm, friendly, has a sense of humor, practical, a doer rather than a thinker, aggressive, and confident. He has broad area knowledge, is satisfied with his cover employment and with his KUBARK employment. He had no complaints and showed good emotional stability. He likes Mexico and Mexicans, and speaks excellent Spanish.

4. He has a very limited knowledge of KUBARK functions and organization, but he considers himself to be a careerist in this organization.

1. Station Mexico City appreciates Headquarters forwarding of the dial recorder pressure tape for project LIFEAT. While trying to expend the regular tape on hand, Station had experimented with the new fiber-tipped pen as a substitute for the standard ball point pen in the dial recorder. However, either the altitude or the dry climate (or a combination of both) dried out the fiber-tipped pen after short periods of use.

2. Station believes that the pressure tapes will provide a satisfactory solution to this problem which has plagued the Project for some time.

SUBJECT : LIFEAT/ZONAR		RE: "43-3" — (CHECK "X" ONE) MARKED FOR INDEXING X NO INDEXING REQUIRED INDEXING CAN BE JUDGED BY QUALIFIED HQ. DESK ONLY
ACTION REQUIRED : None		

REFERENCE(S)

HMMA-13043, 5 June 1959

The following system which will give the Station 26 new target symbols for use in LIFEAT/ZONAR has been assigned to Mexico City:

An additional Station symbol "N" has been assigned. Now, repeating the A through Z series in column number 2 will make 26 new combinations. The former targets should be called MA, MB, MC, etc. The new targets will be NA, NB, NC, etc.

DISPATCH	CLASSIFICATION: SECRET	DISPATCH SYMBOL AND NO: HMMW-7923
TO: Chief of Station, Mexico City INFO		HEADQUARTERS FILE NO: 50-6-72/2 50-~-32/2
FROM: Chief, WHD		DATE: 31 JUL 1959
SUBJECT: LIFEAT/LIENVOY ZONAR		RE 433 - (CHECK "X" ONE) MARKED FOR INDEXING X NO INDEXING REQUIRED INDEXING CAN BE JUDGED BY QUALIFIED HQ DESK ONLY
ACTION REQUIRED: Reply to paragraphs 2 and 3		

REFERENCE(S)

HMMA-13320

1. Headquarters approves the suggestions made in reference for adapting the ZONAR format to LIENVOY needs. The Station will use the first two columns for numbers running from 01 to 30 to designate the recording machine on which the material was received, and the 6 spaces in column three will be used for the dossier number assigned the target. Under this system, the Station has room for expansion up to 999,999 targets. The name IN, name OUT, and telephone number columns will be the same for LIENVOY as for the system applied to LIFEAT/ZONAR abstracts.

2. Headquarters has several questions on the remaining columns.

a. First of all, will the Station have the ZONAR abstract sheets filled out in Spanish or English? If the runs appear in English, they will be of limited value to the Mexicans; if they appear in Spanish, the Spanish and English abbreviations for the same Subjects will not fall together in alphabetical consolidated runs for the subject type runs. (See paragraph 3 below.)

b. According to paragraph 3 and 6 of reference the Station wants the following IBM ZONAR listings every two months:

LIENVOY: 1 copy NAME IN, NAME OUT, TELEPHONE

LIFEAT/LIENVOY consolidated run: 1 copy NAME IN, NAME OUT, TELEPHONE

The Station now receives two runs of LIFEAT and in addition to the runs listed above, also receives listings by Subject, symbol and diacritical mark. Does the Station no longer need these three types of listings and will one instead of two LIFEAT runs be satisfactory for the Station's needs? The Station receives an extra (third) copy of the yearly cumulative run. Will the Station want one extra copy of the LIFEAT/LIENVOY yearly cumulative ZONAR run also?

c. Does the Station want the ZONAR run for LIENVOY to bear the classification of SECRET?

3. With respect to the use of Subject and Symbol codes for LIENVOY ZONAR abstracting: Whether the runs are in English or Spanish, LIENVOY can use the same symbol column symbols as those which appear in the sterile manual. (Some symbols such as H which indicates LCHARVEST material have been deleted from the symbols passed to Liaison services.)

With respect to the subject codes, the field may translate directly into Spanish the English words against which subject codes have already been assigned, and then abbreviate these words into four letter groups. If the Spanish is used, please submit your list of Spanish abbreviations for Headquarters information records.

TO Chief, WD ...ision		HEADQUARTERS FILE NO.
INFO Chi...		
FROM Chief of Station, Mexico City		DATE 29 May 1959
SUBJECT Cormac Unibath Six Minute Photographic Developer		RE ...433 — (CHECK "X" ONE)
		MARKED FOR INDEXING
		X NO INDEXING REQUIRED
ACTION REQUIRED		INDEXING CAN BE JUDGED BY QUALIFIED HQ. DESK ONLY

REFERENCE(S)

1. Enclosed is a clipping advertising a UNIBATH developer, one step photo developing solution, that replaces the three separate solutions now used by the operational darkroom technician who processes the take from the LIMERICK basehouses.

2. We now have a time lag of one to two weeks in receiving the take from these basehouses. Most of this time lag is caused by the lengthy developing process in use. If there is anything to the UNIBATH developer, its use in our outside darkroom would be a decidedly worthwhile investment. Inquiries at the local photographic stores revealed that they had never heard of this product. It is requested that a sample of this developer be sent to the Mexico Station, marked: For Quinton OUSLER so that it will reach the proper basehouse processor. If it proves successful, arrangements will be made through a local firm to place an order for the quantity necessary to meet the operational requirements.

FROM: Chief of Station, Mexico City

DATE: 12 November 1958

SUBJECT: Project LIFEAT
Request for Spare Parts

X — NO INDEXING REQUIRED

ACTION REQUIRED: That the Items Below be procured and Forwarded to/ Station Mexico

REFERENCES:

1. It is requested that the following items be procured and forwarded to Station Mexico for use in Project LIFEAT:

A. Vacuum Tubes:

	6V6	100 each
	6J5	200 each
	6X5	200 each
	6K6	50 each
	6SN7	25 each
	6SL7	50 each
	6AU6	50 each
	12AX7	50 each

B. Grommets for EKO recorder:

These grommets are listed in the EKO parts catalog as symbol E40 Motor Mounting grommets (3), part number p9477. It is requested that the soft live rubber (flat) grommets be sent since the rounded ones are hard and transmit a lot of noise and rumble. If these grommets are available, Station Mexico could use approximately 120 of them.

C. Fast Forward Cable Assy:

Number 242-12297 — 25 each

D. Take Up Reels:

Empty take up reels — 30 each

2. If there is a kit with assorted condensers for the Pulse Recorders (DR-2) and for the Revere Recorders, it is requested that such a kit be forwarded.

ATTACHMENT TO [illegible]

The World's Only Correspondence Course in Wire Tapping

A complete course in Electronic and Photographic Surveillance Equipment illustrated with photographs, drawings, and schematics of special equipment.

This course, written for professional detectives, presents many new techniques in Wire Tapping and Bugging. A catalog of Electronic and Photographic Surveillance Equipment is included. Each lesson is concluded with a fiction story example showing the practical uses of the material of that lesson. Personalized Quizzes are given, and questions answered, a certificate of completion is awarded.

The following is an outline of the course:

LESSON I. "Wire Tapping"
- The Wired Tap
- Wireless Wire Tapping
- Fiction "Tom Makes a Tap"

LESSON II. "Bugging"
- Wired Bugs

FROM Chief of Station, Mexico		DATE 22 October 1958
SUBJECT Purchase of Correspondence Course		MARKED FOR INDEXING X NO INDEXING REQUIRED
ACTION REQUIRED See paragraph 1		INDEXING CAN BE JUDGED BY QUALIFIED HQ DESK ONLY

REFERENCE(S)

1. It is requested that Headquarters arrange for the purchase of the correspondence course described in the attachment.

2. It is believed that Lessons 1 and 2 would be of interest to those persons involved in the technical aspects of Project LIFEAT. In addition to being a possible training aid, it is believed that the literature will tend to add a measure of interest to the essentially difficult and tedious work of these persons.

FROM: Chief of Station, Mexico City		DATE: 8 October 1958
SUBJECT: Reverse Telephone Listings		MARKED FOR INDEXING
		X NO INDEXING REQUIRED
ACTION REQUIRED: See paragraph 2		INDEXING CAN BE JUDGED BY QUALIFIED HQ. DESK ONLY

REFERENCE(S)

1. There is attached one copy of the September 1958 issue of the telephone directory for the Federal District, Mexico.

2. It is requested that a reverse listing be made to correspond to the phone numbers in this book and that 5 sets of these listings be forwarded for use at Station in addition to those to be provided to the desk.

3. This request for new listings is based on the fact that the phone system in Mexico City has undergone so many changes since the 1956 directory was issued and processed by Headquarters that a portion of this is now obsolete.

SUBJECT: GENERAL— LIFEAT

SPECIFIC— Daniel K. BROMUND (P)

ACTION REQUESTED: None, informationonly

1. Subject's application for "rentista" status in Mexico is being processed by Gobernacion and LIKAYAK/2 has been requested by Gobernacion Undersecretary Fernando ROMAN Lugo to check with ODYOKE as to whether Subject has any derogatory background. ROMAN Lugo is particularly interested in preventing any American with Communist connection from settling in Mexico.

2. Subject is described as a North American of Russian origin; the origin is probably what brought about the request for traces, and the Station for the time being attaches no other significance to the query.

3. LIKAYAK/2 is being told that there is no derogatory information on Subject and that if any are developed through a query to Headquarters, he will be notified. No further action is contemplated.

8 FEB 1958

REFS: H[illegible]A-9069, 31 December 1957

ACTION REQUESTED: None, for information only.

1. The Station's request for the assignment of either a P.S or TDY clerk-typist experienced in [illegible] reporting has been discussed with the SR Division. Both the SR and WH divisions recognize the Station's need for such an individual; however, it is at this time impossible to acquire an additional slot for the PCS assignment of an employee and it is not believed feasible to assign individuals on an extended TDY basis.

2. Although the rotational field training program suggested by the Station would appear initially to be an excellent way to [illegible] the referenced problem, Headquarters believes that the long-run effect would not achieve the desired results. This opinion is based primarily on the lack of qualified Headquarters employees suitable for such a [illegible] assignment. Also significant is the fact that [illegible] would have to provide a slot for the [illegible] employee, thereby reducing [illegible] the total slots normally available to that office - a troublesome problem under the present personnel ceiling.

3. The SR division has suggested that they would be glad to provide [illegible] training to the next competent lady employee scheduled for PCS assignment to the Station. This, of course, would not increase the Station's T/O; it would only transfer an employee from one station job to another. Should you have any desires along this line, please advise Headquarters.

SUBJECT GENERAL - Operational/LIEMPTY Support
SPECIFIC - Concealment Device for Use by Daniel K. BRAMUND (201-210541)

1. In answer to a special request by Daniel K. BRAMUND and approved by the WH Division, KUTRIOT has constructed a bookcase containing a concealment area for his use in connection with the LIEMPTY Project. This bookcase is now being packed for shipment. The Station will be advised later of the method of shipment and the ETA. Instructions for its use are u/s/c. If the Station has no objection to its use by BRAMUND it is requested that it be delivered to him.

2. If the Station believes that additional similar concealment devices would be of use under LIEMPTY Project, it is requested that you forward to Headquarters your suggestions and comments, furnishing details as to quantity, size and prospective use. Your request will then be referred to KUTRIOT.

FORM NO. 51-29
JUN 1949

20 December 1957

CONCEALMENT - BOOKCASE
Work Order 2176
(CDB-106)

A bookcase 42" x 48" x 12" was made with a concealment area. The bookcase was made from pine and painted flat black. The concealment area is 1-5/8" x 10-1/2" x 46" and is located under the bottom shelf and covered by the kick panel.

The kick panel must be opened in order to gain access to the concealment area. This panel is held in place with a positive locking device. The locking device is located under the front-center section of the bottom shelf. It is located beneath a filled nail hole. The locking device is released by inserting a table knife blade - or similar piece of metal - between the bottom shelf and kick panel and by pushing toward the rear of the case, a distance of approximately 2", at the above-designated point. To facilitate inserting the blade on a loaded shelf, lift upward on the center part of the bottom shelf until the lock releases. When the lock is released, the kick panel may be moved by pressing inward on the bottom edge of the panel. After the panel has been moved slightly withdraw the knife so that the under surface of the shelf is not marked; then complete opening the panel. It is important that the kick panel not be forced beyond its maximum opening point approximately 70 degrees from vertical.

To close the panel, return it to its original position by pressing inward on the top edge until the lock snaps into place. Test for locking by pushing inward on the bottom edge.

MEMORANDUM FOR: WH/Logistics

SUBJECT : Purchase of Metal Storage Cans and Deluxe Carrying Cases

1. The Mexican desk has received an oral request from the field for metal cases to replace the cardboard boxes which are now used for audio tapes in the LIFEAT Project. The cardboard boxes used to protect the tapes wear out in a very short time because of the frequent handling which they receive at the Station.

2. It is requested that you purchase and ship to the Mexican Station, the following items which can be purchased from LAFAYETTE RADIO, 165-08 Liberty Avenue, Jamaica 33, New York (seen in catalog 305):

100 Metal Storage Cans for 7" 1200 foot reels $ .39 each (in lots of 6)

3 Deluxe Carrying Cases - hold 35 reels in case $5.40 each

3. The costs of the above items should be charged to Project LIFEAT.

24 Jul 57

: Chief of Station, Mexico City

: Chief, WHD

- LIF[illegible]AT

- Serialized Mexico City Telephone Directory

Reference: [illegible]-7337, 3 July 1957 (50-[illegible]-32/3)

1. Reference requested serialization of the Mexico City telephone directory by street address. The matter was discussed with the Headquarters units concerned with this type of work. Due to the time required to complete this job and because of the existing heavy work load, they are unable to undertake this requirement. The requirement could be filled by another government agency after the directory was reduced to abstracts based on a numerical coding system. The outside agency would then punch the coded addresses and indices onto cards at a cost of ¥75 per thousand or $8,250 for 110,000 addresses. A full time person with a knowledge of Spanish would have to be assigned by WHD for this work.

2. The major part of the job would be the first step—the coding—which it is estimated would require a person's full time for eight to ten months. The second step—the key punching—would take about two months. The third step—a machine listing—would be a fairly rapid process.

3. Because of the cost and the shortage of personnel, Headquarters regrets that it is unable to undertake the serialization job at this time.
